Goldenomega.net is offering training courses on loan servicing, trust accounting and loan document preparation and its respective software modules. Learn how to use them during the course of your business.

- New users and IT persons can benefit from this course as we address some industry practices when using the software.
- This is your chance to learn how to use these Windows software modules from beginning to end. From entering a loan into i-Loan, discussion about construction, HELOCs, Step rate loans, to importing it to i-Servicing or i-Pools, processing payments, Construction Tracking module, ACH and reconciling your bank balances via the trust accounting, balancing ledgers and California DRE reporting. Special training on i-File, electronic filing of 1098/1099s!
