i-File™

Windows® Software for Do-it Yourself Printing of IRS Forms and Electronic Filing to IRS

- **IRS Approved Software Vendor for Do it Yourself Filing:** For over 22 years Goldenomega.net has been an IRS Approved Software Provider for Do it Yourself IRS tax forms and filing. Every year, Goldenomega.net submits a 'test file' to IRS for the electronic filing before customers send theirs for *guarantee quality of submission and acceptance by IRS*. This year only electronic filing is accepted for filers with over 250 1098 or 1099INT's forms (no more magnetic media disks).
- **Customers Save Money:** Goldenomega.net customers with current i-Servicing, i-Pools or i-Trust licenses don't have to pay anything extra for the i-File 2009 module.
- **Non-Customers Save Money:** Other vendors' software users can download software for a small fee and enter the information for their own printing and electronic filing of 1098, 1099INT, 1099MISC, 1099A and 1099C IRS pre-printed laser or substitute forms and file electronically with the i-File 2009 module. Call us for details!

i-File Features the Latest in Technology

- Microsoft Windows® 7-10
- Many years of experience in creating an electronic filing to IRS.
- LAN, CITRIX®, and Microsoft® Terminal Server

GoldenOmega is an IRS Approved Vendor

Why i-File from GoldenOmega?

- **Compliance.** Software meets required IRS regulations.
- **Do it Yourself.** It is included in the license and support fees for customers and it is available as a stand-alone module for a small fee for Non-Customers.
- **Ease of Use.** It imports pertinent data from i-Servicing, i-Pools and i-Trust, checks for errors on any missing information, counts the number of forms needed, prints on pre-printed IRS or substitute forms and files electronically; must have TCC number.
