The screenshot displays two overlapping windows from the ACH Add-On software. The background window, titled 'Client - SM110 JOHN PORTER', has tabs for 'Data', 'Trust Ledger', and 'ACH Setup'. The 'Data' tab is active, showing fields for 'Account Holder Name' (JOHN PORTER), 'Account Number' (834442344), 'Routing Number' (1232313), and 'Account Type' (Checking selected, Savings unselected). A checkbox 'Use ACH with this client' is checked. The foreground window, titled 'Company Information', has tabs for 'Owner / Broker of Record Information', 'Bank Information', and 'ACH Setup'. The 'ACH Setup' tab is active, showing a 'Use ACH transactions' checkbox which is checked. Below this are fields for 'Transmitter ID' (1133), 'Merchant ID' (12333), 'Password' (\*\*\*\*), and 'Password Verify' (\*\*\*\*). There are three checked options: 'Require Bank Account Verification Before Allowing Transactions', 'Use Automatic Resubmission When Transactions Are Rejected For Insufficient or Uncollectible Funds', and 'Automatically Create NSF Charges'. At the bottom, there are four 'Get Directory ...' buttons for 'Transporter SEND Directory', 'Transporter RESPONSE Directory', 'Response File Archive Directory', and 'Transporter Program Directory'. The bottom status bar shows 'Client Number SM110', 'Balance . \$ 0.00', and a toolbar with 'SEARCH', 'Top', 'Prev', 'Next', 'Bottom', 'Find', 'Save', 'Edit', 'Undo', 'Delete', and 'Exit'.

Golden Omega's i-Servicing, i-Pools and i-Trust software modules have an Add-on Module for electronic payments received from Borrowers and direct deposits to Private Investors and Payables' accounts.

ACH Add-On module creates a NACHA compliant electronic file that is uploaded by your user to your own bank for processing the electronic transactions.

### ACH Features the Latest in Technology

- Microsoft Windows® Windows 7-10.
- LAN, CITRIX®, and Microsoft® Terminal Server.
- ACH Processing is easy and secure via our software and helps promote electronic commerce for your business.
- When making payments electronically, your account is protected by ACH Operating Rules and various Federal Regulations, such as Regulation E.
